## Goodwin Kehl Wedding Sage Chapel Is Scene Mid-summer Ceremony

Miss Shirley Elizabeth Kehl daughter of Ensign and Mrs. Charles J. Kehl of Parker avenue became the bride of First Class Petty Officer James Andrew Goodwin of the Coast Guard, son of Mr. and Mrs. Thomas Goodwin of Avalon, Pa., on Saturday afternoon at 3, the ceremony taking place in Sage Chapel on the Seminary campus. Dr. William E. Park, president of the Northfield Schools, officiated, using the double-ring service. The traditional wedding marches and other selections were played by Miss Helen Keller, the church organist and Miss Helen Savcheff assisted with her violin. White hydrangeas, evergreens and garden flowers in pastel shades were used to decorate the church altar.

The bride was given in marriage by her father, Ensign Charles Kehl of the United States Maritime Service. Miss Janet Kehl was her sister's maid of honor, and little Martha Jane Bigelow was flower girl. The best man was Second Class Petty Officer Robert Dunn of Winchester and ushers were Miss Gloria Savcheff and Miss Jean Adams.

The bride wore a princess gown of white satin with long sleeves, sweetheart neckline bordered with seed pearls, and full skirt with train. Her fingertip length veil was caught to a coronet of orange blossoms, and she carried a showy bouquet of white roses and stephanotis. Her attendant wore a gown of yellow faille, fashioned with three-quarter sleeves, a fitted bodice with sweetheart neckline and bouffant skirt of net. She carried a colonial bouquet of yellow roses, batchelor buttons and white carnations, tied with blue streamers, and wore a coronet of matching flowers. The flower girl wore blue organdy made with tiny puffed sleeves and long, full, ruffled skirt. She carried a colonial bouquet of pastel flowers tied with yellow streamers, and wore a matching coronet. The bride's mother wore blue and white sheer, with white accessories, and a gardenia corsage.

Following the ceremony, a reception was held at the home of the bride's parents on Parker avenue. The young couple left later for a week's honeymoon in New Hampshire, after which they will go to New York.

The bride graduated from Northfield Seminary, and the Franklin County Hospital, where she is employed as a nurse. The groom is a graduate of the Avalon High school and the Pennsylvania State Nautical School, and is at present stationed at the Hotel Embassy in New York.

Gates dean of the conference for many years, is honorary dean, and Dr. Harry T. Stock, general secretary of the Division of Christian Education of the Congregational Christian Churches, is dean.

## An Interesting Service

Race Relations Sunday at the Unitarian church was observed last Sunday by a large attendance of Northfield people. The colored young people of Rabbit Hollow who are the friends and members of the Church of the Master in New York City had charge of the service under the direction of Rev. John Doggett and Mr. Heeb.

Some of the touching religious spirituals were heard. When little Elizabeth Brown arose and sang "Nobody Knows the Trouble I've Seen" there was a hope in more than one heart that another Marian Anderson had been discovered. The older boys sang The Lord's Prayer with Stanford Meyers leading. The girls sang the familiar "Swing Low Sweet Chariot" and "Steal Away" with the boys closing with "Fair Lord Jesus" with other numbers the congregation seemed unwilling to depart after an hour and a quarter.

Rev. John Daggett preached from Philippians on the thought of suffering in behalf of Christ. He spoke of the inequalities suffered by the colored people but made his appeal to both races in their suffering to be steadfast and true Christians. The Christian message binds both together. Mr. Heeb in introducing the speaker mentioned the Unitarian project of deepening the understanding between the races and the fact that Walter White, head of the National Association for the Advancement of Colored People, was the Ware lecturer in Boston who said the world we want is one of understanding and opportunity for progress for all the people of every color in the world. Some 45 colored young people were entertained at the church over Saturday night, making possible their rehearsal at the church at 9 a. m. for which the members of the Unitarian church are duly thankful.

## Bids For Coal

Bids are wanted for the delivery of ten tons of hard coal, stove size, to be delivered at any time within the next few months. Bids must be presented on or before August 10th. Northfield Postoffice, Lawrence Quinlan, Postmaster.

## Fungus On Maples

The beautiful maple trees in the past two years have been and are being attacked by a fungus growth which deadens the young limbs and withers the leaves. Many trees about Northfield are showing the condition much to the regret of the owners whose property they adorn. It has been found that the fungus enters the tree through its water conducting tissues and that little can be done about it yet. The fungus is within the roots and trunk. Spraying has no effect and there is no insect available for the trees. Sugar maples and Norway maples are mostly affected and the situation this year is more serious than last year. The maples will bear watching.

## Many Women Here Hear Of Missions And Of Activities

The Northfield Missionary Conference ended its 1943 session on July 15 when more than 400 delegates returned to their homes after eight days of meetings covering a wide range of topics. The attendance at this war time session was only slightly smaller than the average in recent years, and the quality of the program offered the delegates was equal to those offered in the past.

Among the leaders familiar to those attending past conferences were Dr. Caroline L. Palmer, Dean of Women of the Biblical Seminary in New York, Miss Ruth M. Babcock of the Presbyterian Board of Foreign Missions, Miss Rachel Benfer, Young People's Secretary of the Presbyterian Church, the Reverend Hilda L. Ives of Andover Newton Seminary, Miss Margaret Hazzard of Union Theological Seminary, and others. Among the special speakers were Dr. Henry Pitney Van Dusen of Union Theological Seminary and Rt. Rev. W. Appleton Lawrence, Bishop of the Diocese of Western Massachusetts.

The subjects for international missions study for the church year 1943-44 are "The Church and America's People" and "Christian Ventures in Learning and Living." The program of the conference centered around a study of these two courses which will be followed by many thousands of Missionary Society members during the coming winter. The conference theme was "For the Living of These Days" and this subject was enlarged upon by the Conference Chairman, Dr. Emily J. Werner, a member of the faculty of the Biblical Seminary, who conducted the morning worship services each day.

Mrs. Frances D. Ellis of Farmington, Conn., who was chairman of the Program Committee this year, was elected chairman of the Women's Interdenominational Committee for the coming year.

## Important Ration Items Of Interest To All Rationing Necessary

The ban on pleasure driving would definitely be lifted, Prentiss Brown, OPA administrator said in an interview. He declined to say when the action would be taken but indicated it would be "shortly."

Federal Transportation Coordinator Joseph B. Eastman told the New England governors' conference private automobiles should be preserved as a means of essential transportation to relieve the burden on public conveyances and expressed the belief it could be done by making "A" cards worth 1440 miles of driving a year.

New-style "B" and "C" gasoline ration coupons—printed on sheets of Government water-marked paper, and replacing the current book bound coupons—are expected by OPA officials to break the "black market" in stolen and counterfeit stamps.

Persons receiving their new Ration Book No. 3 through the mail should immediately sign the same. Instructions as to its use will be issued later.

Residents are receiving their fuel oil coupons. The coupons on the right are for 10 gals. each while those on the left are called change coupons, and call for face value in Class 4. The above does not apply in Class 5, where values are higher.

Meats, butter, etc. Red P, Q, R, and S stamps now usable, expire July 31.

Canned goods: Aug. 7, Blue stamps N, P, and Q now valid will expire on this date.

Aug. 1: Blue stamps R, S, and T become valid; expire Sept. 7. Sugar: Aug. 15, Stamp No. 13 good for five pounds; expires on this date. Stamps 15 and 16 now valid for five pounds each for home canning until Oct. 31.

### SIMPLE PEOPLE

I don't like fancy folk;  
You know the kind—  
All sleek and shining  
As a newly roasted pig—  
Who know exactly  
How and when and where  
To twee an eyelash  
In the mask they wear.  
Myself, I choose  
Those natural people  
Content to be  
Themselves;  
Who've spunk enough to take  
Life as it comes;  
Who dare to make mistakes  
And like the laughter best  
When it is on themselves.  
Strong, simple people;  
Rooted in the soil  
From which their babies  
Were born—  
In which they, too, shall lie  
As quietly, some day,  
As their own turnips,  
Cabbages and corn.  
Neighbor to earth and sky,  
Friendly to wind or storm.  
Strong people, these,  
We call American.  
They do not chatter much;  
They do their daily chore  
And go their way,  
But I've a hunch  
That they've done more  
To hold his world in place  
Than all the poets  
Or psychologists.  
—Elsie Robinson.

## IF POWER WERE MINE

If power were mine to wield con-  
trol  
Of time within my heart and soul,  
Saving from ruin and decay  
What I hold dearest, I should pray  
That I may never cease to be  
Wooed daily by expectancy;  
That waning shadows in my eyes  
Dim not the light of new surprise;  
That I may feel, till life be spent,  
Each day, the sweet bewilderment  
Of fresh delight in simple things—  
In snowy Winter—golden Spring;  
And quicker heart beats at the  
thought  
Of all the good that God has  
wrought;  
And may I never face a dawn  
With all the awe and wonder gone,  
Or, in late twilight, fail to see  
Charm in the stars' old sorcery.

## Humpty Dumpty Builds Up a Wall

GUY KIBBEE, that jovial gen-  
erous of the films, turns Humpty  
umpty and sits on his new wall  
of glass blocks and wood strips  
he lays a course of blocks. But,  
like the Mother Goose charac-  
ter, Kibbee is not slated for a fall.  
A glass block wall is strong  
enough to sustain his weight. Mr.  
and Mrs. Kibbee joined forces to  
erect this translucent partition on  
the porch of their Beverly Hills  
home, its purpose being to serve  
as a windbreak to protect their  
plants and flowers from winds off  
the sea.

It's an old saying that "every thing that goes up, is bound to come down" but the OPA says that all "must stick to ceilings."

**Another Frozen Dainty**  
By Frances Lee Barton  
HERE is a recipe for a chocolate frozen pudding that will delight anyone who leans toward chocolate as a "favor" — which means, all children, most men and a goodly number of women. Try this recipe while the days are still warm enough to induce a desire for something cooling:  
Chocolate Frozen Pudding  
1½ squares unsweetened chocolate; ¼ cup sugar; 1 cup milk; 3 egg yolks, slightly beaten; 1 cup cream, whipped; 1 teaspoon vanilla; ¼ cup finely cut dried raisins; ¼ cup finely cut dried figs.  
Add chocolate and sugar to milk and heat in double boiler. When sugar is dissolved and chocolate melted, beat with rotary egg beater until blended. Pour small amount of mixture over egg yolks, stirring vigorously; return to double boiler and cook 3 minutes longer, stirring constantly. Chill. Fold in remaining ingredients. Turn into freezing tray of automatic refrigerator and let stand 3 to 4 hours. Or turn mixture into mold, filling it to over-stand; cover with waxed paper and press cover tightly down over paper. Pack in equal parts ice and salt 8 to 6 hours. Serves 8. Nuts may be substituted for either fruit.
